

2. FISCHER RETAILER INDEMNITY PROGRAM

Today's equipment may help reduce certain hazards involved in the sport, but the risk of injury remains.

The FISCHER Retailer Indemnity Program is designed to help formalize service procedures and minimize the risks to both you and your customer.

Under the plan, FISCHER will defend and indemnify the Authorized Retailer in bodily injury claims when certain conditions are met, including following all FISCHER required procedures.

The program benefits are not without limits, indemnification is not insurance, and it does not eliminate the need for a shop to have adequate insurance of its own. But, for the shop willing to make the investment in doing a quality job as an assembler of equipment systems from components, it is a key element in their Risk Management plan.

This is only a summary of the FISCHER Retailer Indemnity Program, complete requirements are listed in the current FISCHER Binding Indemnification Agreement. You should read this Agreement carefully.

Retailer benefits under the terms of the plan are based, in part, on the adequacy of the service work performed by the mechanic. For this reason, thorough employee training is essential. This manual and technical seminars are presented by FISCHER to help define appropriate shop procedures.

It is the responsibility of the FISCHER Authorized Retailer to see that all technical and product information materials provided by FISCHER Skis US LLC/Raymond Lanctot LTD, Can. are ordered and available in their shop.

This should be done with the aid of your FISCHER Representative while placing your FISCHER pre-season binding order.
