Hike & Bike Trails

Legend:

Eddie Jones Park offers over 11 miles of Hike & bike trails and several miles of perimeter road trails.

The Monkey Trail is marked with red signs for counter-clockwise travel. Clockwise travel is permitted, watch for oncoming traffic.

Throughout the 8-mile loop around Camp Haven, Green By-Pass Trails are available to shorten the loop to just over 6 miles.

The Short (Green) Loop is 1.5 miles long and recommended for novice cyclists before attempting the Red Trail or for hikers and runners looking for a shorter distance. It starts and ends in the grass field behind the basketball goal.
