
The "Ashland Breakfast Club" ride is an easy 20-mile road ride through the north side of Richmond, continuing up to Ashland, then looping back. This ride is recognized by many as the route for a weekly Richmond Area Bicycling Association group ride.

One thing to be aware of during this ride is that these roads do not have separate bike paths or lanes along them. You will be sharing the road with automotive traffic and there is not always a large shoulder to ride on. Some of the roads have heavy traffic at times. Please try to be aware of your surroundings, practice defensive riding, and share the road.

Despite being close to Richmond the ride passes through some great scenic farm land. While this basic route is a popular option there are many other scenic, lightly trafficked, roads outside of Ashland. Many people will veer off the basic route once in Ashland and add additional miles to their route.

Parking is available at the start of the ride in the Laurel Park Shopping Center. Please be aware that this is private property and be respectful of the property owners.
