

Leadership by Bike is a 5 day adventure camp based on a philosophy of “Be Curious. Be Kind.”

It is designed to introduce teens to the freedom and joy of bicycling as they learn their way around the Paducah area, exploring, and developing bike handling skills and mastering traffic safety.

Campers discover the vibrant Paducah that blends a rich history with modern charm. They are exposed to Paducah’s thriving arts scene, see beautiful, off the beaten path neighborhoods, try local eateries, become familiar with historic architecture, visit landmarks, city resources and social services.

The teens get a lot of say in what the group does each day, from planning the details of the route to picking out what’s for lunch. Trip leaders have lists of activities and interesting sites along the route, but the group has the freedom to provide input and offer suggestions – every summer, campers find things to do we didn’t know about, and we add them to our possibilities for the next year.

Every year campers and parents tell us Leadership by Bike Camp has been an outstanding experience.
