

## The Comfort You Want and Quality You Expect

Feel good from the moment you start your workout to the moment you finish it. Whether you're looking for performance, comfort or a cycling-class style experience, our bikes are built to be stable and comfortable, with adjustments to find your ideal fit.

### COMFORT R

The Horizon Comfort R is the exercise bike that anyone can ride. The fully adjustable saddle and ergonomic grips mean that you'll get a smooth and comfortable workout fitted to your needs and your body.

- Step-through frame for increased accessibility
- Innovative Cardio Compass heart rate display for visual exertion feedback
- Thoughtful storage to keep water and towels within reach
- Dual handlebar options and adjustable seat with lumbar support to help you find the most comfortable riding position

### COMFORT U

Get on easily with the step-through upright frame and quickly find a perfect riding position with the fully adjustable seat. Your wrists will stay comfortable thanks to our thoroughly tested grips that correctly position your hands to reduce strain on your wrists.

- Unique step-through frame for increased accessibility
- Wireless heart rate receiver that works with innovative Cardio Compass display for visual exertion feedback
- Smart device rack to hold phones and tablets without blocking display
- Contoured Energy Fit™ pedals to keep feet in place and help you generate more power during intense rides
