

Wireless, Self-Generated Power

R5i | RECUMBENT BIKE

COMFORTABLY POWERFUL

The R5i has the quality to support home and commercial use. Enjoy comfort with the oversized molded seat bottom, ventilated seat back, and extra lumbar support. The seat also includes full armrests with integrated heart rate sensors. This self-generating exercise bike produces its own power, making it both green and convenient.

Built-in Bluetooth allows for easy transfer of all exercise data to your smartphone.
