

Michael's Cycles and Fitness Donations Policy

We thank you for thinking of Michael's Cycles to help you with your event. We are a Janesville based business and interested in promoting bicycling in this area as well as being good citizens to our community. Each year we field dozens of requests and have adopted the following policies:

If you are sponsoring a bicycle event such as a ride, race, or rodeo and are a non-for-profit organization, then please suggest what you would like as a donation. Your request will be considered and either granted or a suitable substitute will be offered.

If you are not sponsoring a bicycle-related event but **are** still a non-for-profit organization, then we will be happy to help you raise funds for your event/organization. We will sell you any item(s) at our cost (which may include applicable shipping and set-up costs). You are free to use this item in any fashion you wish, excepting that in the case of a Trek or Giant bicycle the item may not be sold on the internet (including eBay), or mail-order. Our experience has shown that holding a raffle or an auction will almost always bring at least full-retail value. In addition, in the event that the item does not bring the minimum amount desired, we will allow you to return the item provided it is still in brand-new shape.

If you are requesting a donation item for any other type of event **or** are **not** a non-for-profit organization, please leave your request and personal contact information. We will consider your request and based on availability of suitable items, contact you of our decision.
